

Heavens' Gate (SARIS - Beyond The Rainbow)

Verse 1

On tragic wings I fly away
In my dreams
Hiding from the war
On a daring course

Verse 2

There is a quiet rhapsody
Still unsung
Not just an ordinary song
To hear

Verse 3

You're still afraid of the night
Walking alone
(All) your courage is mislaid
No promise made

Chorus

Raise your head against the wind
Nothing matters anymore
The cycle turns to Heaven's gate
Far away from the shadows
