

## **Avalon** (SARIS - Beyond The Rainbow)

### Verse 1

Destiny can't rest, you know  
Can't see the far side of the shadow  
The last in line will find the key  
Somewhere beyond the apogee

### Verse 2

Immortal souls will sadden me  
Saw the burning bodies on the pyre  
Walking the road to sadness  
Changing the wisdom into madness

### Verse 3

Guardians of the underworld  
King of kings who hold the sword  
To find that place called Avalon  
Where the legend has begun

### Chorus

Avalon, Avalon  
Time to cry your tears  
Comin' home from the battle  
Time to lose your fears

### C-Part

The saints are gone my kingdom come  
Fields of blood under a violet moon  
All my prayers gone where my demons hide  
A tale kept from the light
